## ECHO OF TIME

Architect

James / Purves

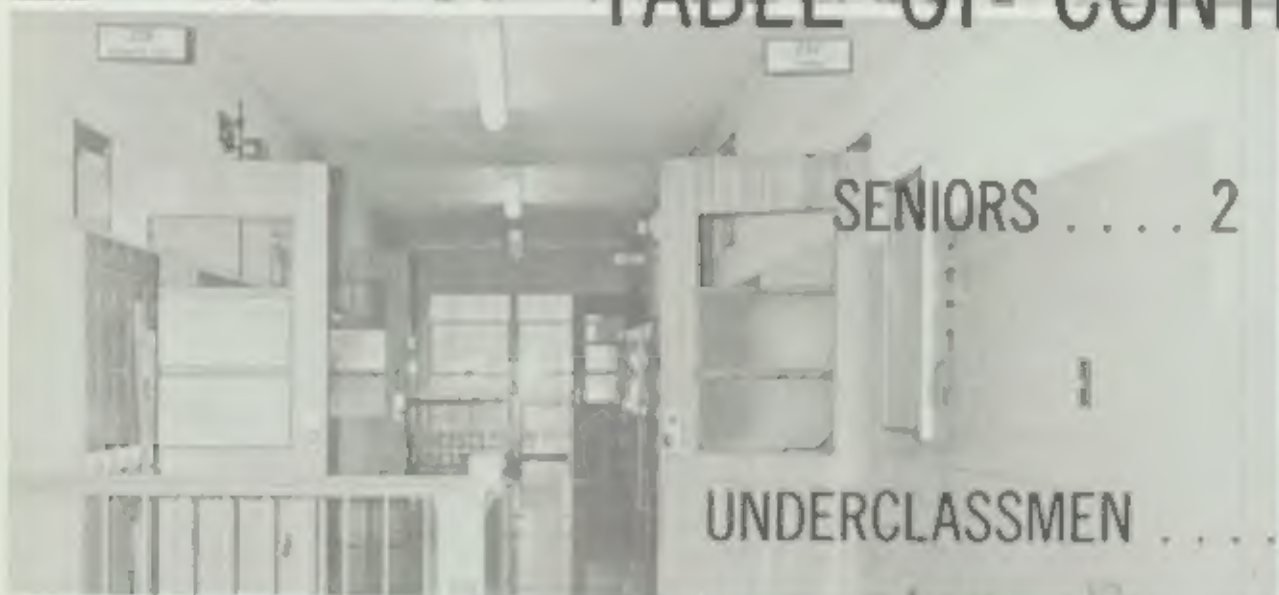

This is our school:  
 the sports, the studies, books, homework,  
 the parties, dances, "extra-curricular activities,"  
 the friends, the fun, fights, frustration,  
 the utter confusion.  
 This is OHS as we, the Class of '76,  
 will always remember her.

# APRIL 2 — SENIORS INVADE CHICAGO

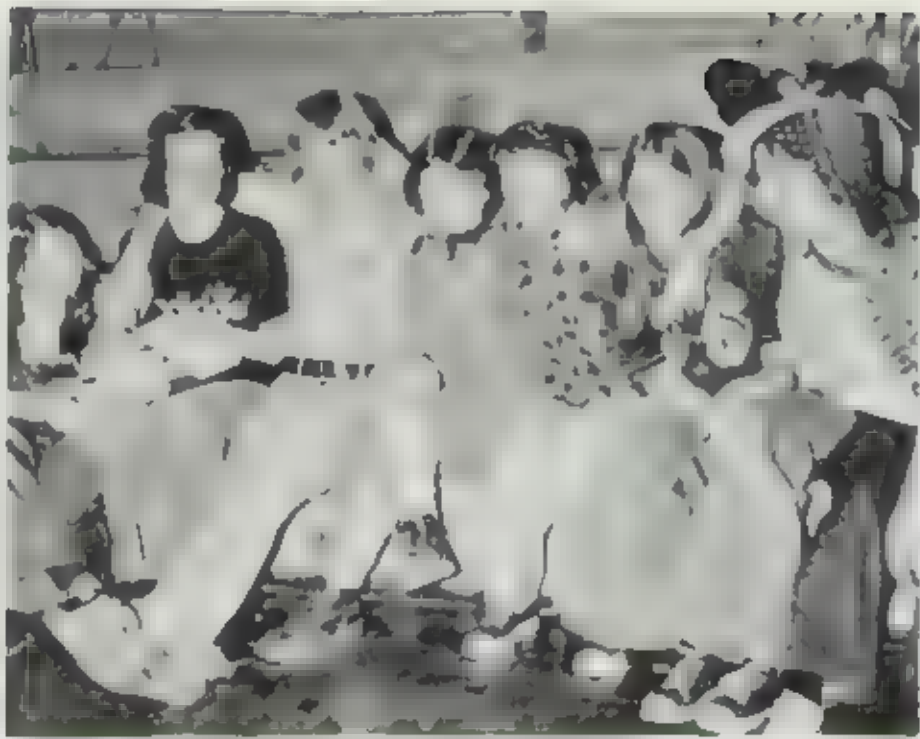

At 4:30 A.M., sixty-five lively Seniors loaded up on two chartered Greyhound buses. The long day in Chicago included visits to the city's Museum of Science and Industry, the Police Headquarters, the ninety-seven story John Hancock Building, the Chicago Board of Trade, and a grand tour of the city itself. The perfect highlight was dinner at the "Pinnacle", a beautiful revolving restaurant, overlooking the city's night life. Sixty-five tired, but happy Seniors arrived back at Ottoville at 2:00 the next morning ending the long but very worthwhile trip to Chicago.

## APRIL 20 — TRIP TO COLUMBUS

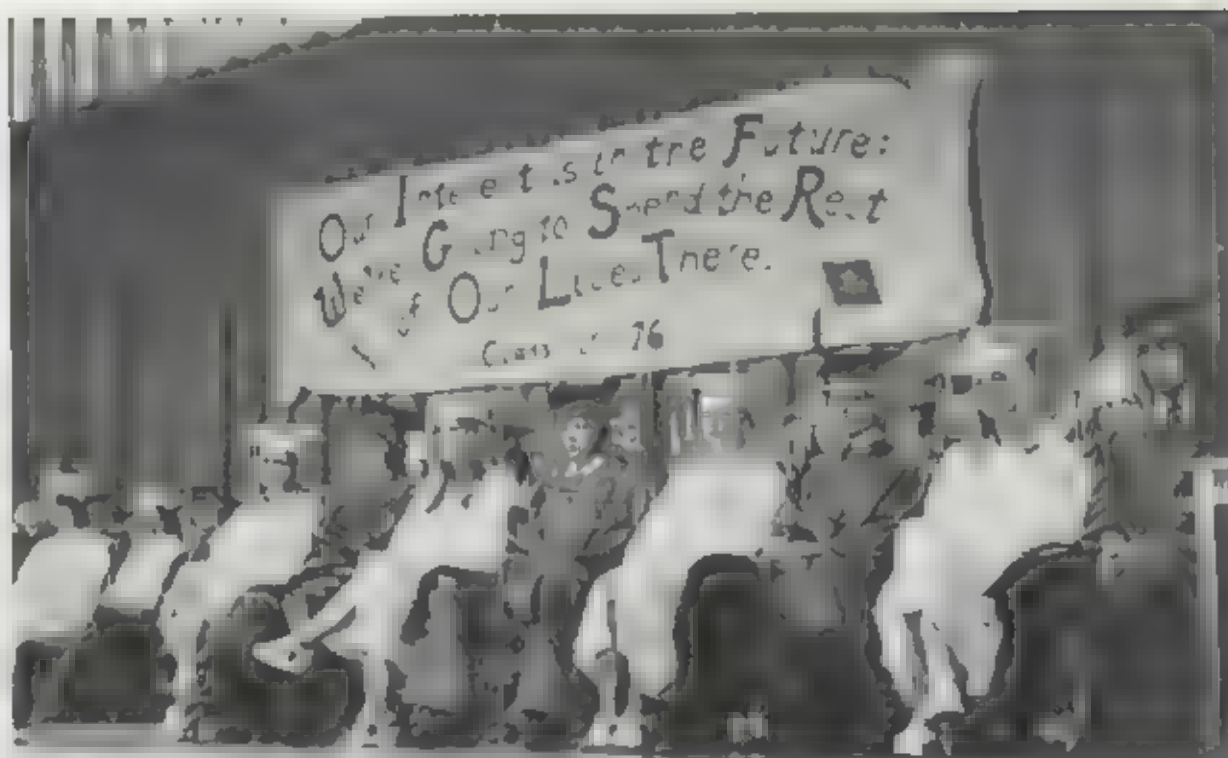

After what seemed an endless trip on a crowded bus, the Seniors visited the Statehouse at Columbus. They were given a brief tour of the House of Representatives by Rep. Mike Oxley and then sat in on a lively debate in the Senate.

### "MY TREASURES"

Nothing can erase the lovely  
things my life has known;  
These treasures I shall always  
cherish as my very own.  
The disappointments, unkind things  
that have touched my way,  
I brush aside, and quickly think  
upon the beauty of the day.  
For each new dawn brings a wonder  
I have not seen before,  
And with that wonder comes the  
opening of still another door,  
The blooming of a flower,  
The sunlight on the sea,  
The kindness of a friend;  
All these are joys to me.

CLASS MOTTO: Our Interest is in the Future; We are Going to Spend the Rest of Our Lives There.

IN REMEMBRANCE  
ROGER KNIPPEN 1958-1965

HE IS NOT DEAD

I cannot say, and I will not say  
That he is dead. He is just away.  
With a cheery smile, and a wave of the hand,  
He has wandered into an unknown land.  
And left us dreaming how very fair  
It needs must be, since he lingers there.  
And you—oh, you, who the wildest yearn  
For an old-time step, and the glad return,  
Think of him faring on, as dear  
In the love of There as the love of Here.  
Think of him still as the same. I say,  
He is not dead—he is just away.

# STUDENT COUNCIL

The members of the 1976 edition of the OHS Student Council would hope that our efforts of the past year have been worthwhile. Our activities include: campaigning for the bond issue, assisting the FFA on a Bicentennial slide presentation, sponsoring a Muscular Dystrophy Drive, and holding the annual field day. We would like to express thanks to our advisor, Mr. Robert Taylor, for his guidance and support.

April gave us Springtime,  
And the promise of a flower.  
And the feeling that we both shared,  
And the love that we call ours.

I've got pieces of April,  
I keep them in a memory bouquet.  
I've got pieces of April,  
But it's a morning in May.

## BIG GREEN VARSITY DISPLAYS SUPER TALENT

CO-CAPTAINS  
Gene Miller and Mark Vorst

### A WORD FROM COACH

The Big Green can look upon the 75-76 basketball season with pride and accomplishment by ending with a fine 18-5 record, and also capturing the District Runners-Up Trophy. Leadership was provided by senior co-captains Gene Miller and Mark Vorst. Gene was selected the MVP and also led in foul shooting (72.5%), rebounding (9 per game) and scoring (average of 16.6 points per game). Keith Gasser was team leader in assists (5.4 per game), Nick Burgei was selected as Most Improved Player, while Rick Knippen took the award for his hard work and hustle.

I would like to thank the team and all who participated in our basketball program for their cooperation and help in carrying on the fine basketball tradition at O.H.S.

## Celebrating Senior Night

The Varsity's  
tremendous sectional  
Victory  
at Wayne Trace!

## Where's the ball?

$\frac{1}{2} \left( \frac{1}{2} + \frac{1}{2} \right) = \frac{1}{2}$

Statistically, we are not in a Party League of  
 friends with the very few of the kind we are. As a result,  
 the average of the two is a figure of 100,000, or 100.

At 11, mid (11) and 12 (12) will make for season of 11

and  $\Lambda$  is the set

The End

Now looking back at all we planned,  
We let so many dreams  
Just slip through our hands.  
Why must we wait so long before we see  
How sad the answers to those questions can be.  
—Theme from 'Mahogany'
